### OBJECTIVE

Passionate Web Developer with a background in Computer Science and hands-on experience in building responsive, user-focused web applications. Skilled in **HTML5**, **CSS3**, **JavaScript**, **TypeScript** and modern front-end frameworks like **React.js**, **Next.js** along with styling tools such as **Bootstrap** and **Tailwind CSS**. I also work with **SQL** for data management and **Firebase** for backend services. While my programming skills are growing, I maintain a strong focus on writing clean, optimized code and delivering intuitive, high-performance solutions. Always eager to learn and adapt, I strive to contribute effectively to innovative and impactful digital experiences.
